best lifestyle

UPTOWN
peaceful living

Uptown is a place where luxury and dreams are strung together to establish a living which is beyond classy. Peaceful living is our ultimate achievement. We wish that people feel at ease when they enter the premises of Uptown. With a lush green environment and a pollution free zone, your living becomes an epitome of peace and luxury.

Uptown is spread in 36000sq ft, having a row of two towers, with flats of 3BHK and 4.5BHK. Keeping in pace with the development in today's world, we have enhanced your living with an up-class modern elevation and a quality construction with the comfort of stilt parking.
